

ENCOMPASS 400

- Made of die-cast aluminum for durability and powder coated for corrosion resistance.
- Integrated fins on the housing dissipate heat ensuring the light is always cool to the touch.
- High-power chip-on-board Cree LED gives a direct thermal path to the housing, allowing it to run cooler for higher light output and longer life.
- Offers a ratcheting bracket for ease of adjustment which means that **NO SCREWS ARE NECESSARY**

WHY LED?

- Provides a 75% reduction in power consumption
- Lasts up to 5 times longer than halogen lights
- Provides low voltage lighting source that is safer for children and pets
- Adds security to your yard
- Magnifies your landscape
- Increases your home value and appeal

HORIZON

STEP LIGHTING

- Made of an injection-molded plastic body, this design provides strength and allows control of the beam efficiencies of the HORIZON.
- Featuring a luminous flux of 80 lumens, the HORIZON provides a soft-ambient lighting option that is energy-efficient and long-lasting.
