

ENCOMPASS 400

- Made of die-cast aluminum for durability and powder coated for corrosion resistance.
- Integrated fins on the housing dissipate heat ensuring the light is always cool to the touch.
- High-power chip-on-board Cree LED gives a direct thermal path to the housing, allowing it to run cooler for higher light output and longer life.
- Offers a ratcheting bracket for ease of adjustment which means that **NO SCREWS ARE NECESSARY**

WHY LAND MASTER?

- Produces lights that last 22% longer than the industry average
- Cool to touch, low voltage lighting source that is safer for children and pets
- Offering 36% more lumens in a 3.5 CREE watt compared to competitors
- Adds security to your yard
- Magnifies your landscape
- Increases your home value and appeal

61,000 HOUR CREE LED
GUARANTEEING 15 YEARS DUSK
TO DAWN. A 22% DIFFERENCE
IN DURATION COMPARED TO
INDUSTRY AVERAGE

SNAP-IN REPLACEMENT:
OUR SNAP-IN LED MODULE AND
DRIVER MAKES REPLACING
YOUR HARDSCAPE LIGHT AS
SIMPLE AS SNAPPING IN AND
OUT THE LED MODULE

HORIZON

STEP LIGHTING

- Made of an injection-molded plastic body, this design provides strength and allows control of the beam efficiencies of the HORIZON.
- Featuring a luminous flux of 80 lumens, the HORIZON provides a soft-ambient lighting option that is energy-efficient and long-lasting.
